

## Cow Types

**Ayrshire:** A reddish-brown and white milking cow.

**Brown Swiss:** The oldest breed of milk cow, with an all-over color ranging from light brown to dark brown or sometimes gray

**Guernsey:** A milking cow that delivers milk with a slight golden color and golden-brown in color with white patches. The milk from the Guernsey cow is high in butterfat and protein.

**Holstein:** A large black-and-white or red-and-white dairy cow, the most popular of all the breeds; originated from Holland.

**Jersey:** A golden-brown milking cow with a black nose and black hooves

**Milking Shorthorn:** A medium size dairy cow with red, white, red-and-white spots or roan (a mixture of red and white hairs) that originated in Northeastern England.
