SCHEDULING SPECIFICS

- Presentation area needs to accommodate a 35-foot truck and trailer combination.
- Geared for primary and upper elementary so ALL students at school participate.
- No electricity needed.
- Outdoor, morning assembly.
- Additional resources on our website.

WHOLE SCHOOL PARTICIPATES

K-3 Primary students learn new vocabulary, life cycles and anatomy concepts, and follow milk from cow to container.

4-6 Intermediate students discover the ruminant digestive system, lactation cycle, agriculture technology, and trace milk through processing.

Both lessons include agriculture's contribution to the food supply, the nutritional value of dairy foods and how they complement other foods to create a healthy diet.
